Curcas Oil N.V. accelerates capital markets activity

- **Investor und public relations advisor mandated**
 - **Significant expansion of capital market transparency**
 - **Intended change into Entry Standard within the next 12 months**
-

July 1, 2011: Curcas Oil N.V., a company, specialized on alternative energy, mandates GFEI AG, Frankfurt, Germany, a company, specialized in listed Small- und Mid Cap companies, for the expansion of capital markets activities.

The realignment of investor and public relations has as its goal the sustainable enhancement of the transparency and the level of awareness in Curcas Oil N.V.. As a first step, the company will carry through the restructuring of its internet presence and upgrade operative and financial data. Furthermore, a comprehensive company report for 2010 will be completed and published.

Within the next 12 months, the company plans to change from Open Market to the more strictly regulated Entry Standard segment of the Frankfurt Stock Exchange in order to improve its positioning in the capital markets. In this context, a prospectus will also be created, which will be

available on the new homepage. Curcas Oil also plans to participate at capital market conferences and hold investor and press road shows.

„As a result of it strategically orientating itself in the production of environmentally friendly Oil from Jatropha - which can be used in various sectors such as the automobile and airline industry – we find ourselves operating in a lucrative and promising market. We see the restructuring of our capital market communication as an essential step in providing existing shareholders with essential information as well as providing new shareholders with a platform for understanding our business model“, says Kurt Stüssi, CEO of Curcas Oil.
